

Christmas House

Things You'll Need

- Scissors
- Tape

What to Do

1. Print out the house printable.
2. Cut on the solid lines and fold the house on the dotted lines.
Remember to cut two sides of the door and fold it open.
3. Tape the walls of the house together to make it stand up.
4. Fold the roof in half. Turn the house upside down, resting it on the roof.
5. On the inside of the house, tape the roof to the walls.

Pattern on next page.
