Maid of Honor Sentimental Speech

Hello, friends and family. I am [your name], [bride's name]'s maid of honor. [Bride's name] and I met when [age when you met].

Through the years, [bride's name] has been a true inspiration to me. She was [what bride meant to you upon meeting – several sentences]. She invited me into her life and has been a steady presence ever since. That's why I was so happy when she met [groom's name].

He had that same ability to [admirable trait or ability both bride and groom share]. After their first date, when [bride's name] called me up, I knew something was different. She didn't say she wasn't sure, or further study was needed, she simply said [what bride said about groom].

That is basically all you can ask for in a friend or in a partner. I'm so grateful that they found each other, and I'm grateful to share this day with them. Cheers to the happy couple.
