

Antique Singer Sewing Machines by Serial Number 1871 -1950

The first Singer sewing machine was manufactured in 1851, but some of the logbooks from that time period were lost. Because of this, there are no available serial numbers for the years from 1851 to 1870.

If there are no letters in the serial number on a machine, you can be sure that it was manufactured prior to 1900. In the following list, the first numbers are the serial number and the last numbers are the date.
