

# Math Maze: Addition

**Direction:** Choose the right equations to help you climb to the top of the birthday cake by 5's and blow out your candle. Start at the bottom layer of the birthday cake and find the addition equation that equals five. Draw a line up the correct ladder then find the equation that equals the next multiple of 5.

2+3      4+2      5+1

5+6      6+9      8+6

14+8      7+13

15+10
