Maid of Honor Wedding Toast

Thank you, [Best Man]. As [Best Man] said, we have gathered to honor the wedding of [Bride] and [Groom]. [Bride] has been such a wonderful [friend/sister] to me throughout the years, that I cannot in good conscience let her marry anyone who does not deserve her - and [Groom], you more than deserve [Bride].

Include specific reasons why you are happy about the nuptials, such as personality traits or a specific incident from their relationship.

These two people have committed themselves to one another today, and I know I consider myself a lucky person to be honored by being included in their wedding day. This is truly an occasion to celebrate, so let's raise our glasses and toast to a life full of love. Congratulations, [Bride] and [Groom]!
