LOVE to KNOW
Logo will not print with document

Dear ,

There really is nothing you can't do. I watch you play _____ and I am in constant awe and wonder at your heart, hard work and ability. You are an awesome kid and an awesome _____ player.

Doing what you do is not easy. Sports come with a lot of pressure to perform and win. Sometimes the greatest payoffs and rewards are not in the score of a game. Remember, everyone suffers a major loss or has a rough game. It happens to even the absolute best athletes.

I do not want you to become discouraged and lose sight of that is truly important in sports. You have learned so many skills, made so many wonderful friends and spent countless hours doing something fun. These are the true takeaways.

No matter if you win a game by 100 points, or lose by a landslide, I am still proud of you. I am proud of your attitude, your willingness to never give up and your kindness towards teammates. Those qualities are worth far more than trophies and medals.

Love,
Mom/Dad
