

Who Is Most Thankful for What?

Directions: Write all players' names in the "Name" column, starting with your own. Set timer for 5 minutes. Choose one item from the list below that you would say you're most thankful for, and write that in the column next to your name. Then, guess which item you think each player would say they are the most thankful for. You can guess the same item for multiple players, but cannot make more than one guess per player. When time is up or everyone is finished, have everyone reveal what their "most thankful" item is. Whoever gets the most guesses correct wins!
